

# CANYON WIND

*"We're really focused on letting the grape do the work and of allowing what you did in the vineyard to become the liquid you'll be working with."*

*-Jay Christianson  
Second Generation, Canyon Wind Cellars*

## WINEMAKER'S NOTES:

A cliffside vineyard expansion in 2001 presented an opportunity to expand our white varietals; including the addition of Pinot Grigio. This wine was created in our traditionally inspired low-intervention winemaking style by whole cluster pressing and fermenting in 100% stainless steel. This crisp bright wine is an excellent addition to our line-up.

The coldest year since our first planting, 2009, produced wine with slightly subdued honey and increased minerality, while maintaining great acidity and crisp mouthfeel. 451 cases produced.
